

Greek Single-Mode Fiber Pre-embedded Quick Connector

Overview

HRI Field Assembly Optical Connector is designed for fast and simple field termination of a single fiber, without polishing or epoxy. 5/125um and Multi-mode 50/125um. The single-mode versions are available with PC or APC ferrules. HRI. Making easy-to-install fiber optic fast connector for more than 20 years. Factory direct, OEM available, flexible for your project needs | OEM/ODM | MOQ 500 pieces CFOFC makes fast fiber optic connectors that are easy to install and very reliable. They are great for telecom networks and security. The invention relates to a fused optical fiber connector, which connects the product with the optical cable through the optical fiber welding machine, has the advantages of simple operation and stable product performance, and is widely used in optical fiber to the home. It can provide Open flow and Pre-cast type of products, whose optical and mechanical specification meets the standard optical fiber.
