

Peru server rack waterproof type

Overview

Designed with an IP66 rating, it offers reliable dust and water resistance, ensuring the safety and durability of your equipment against the elements. Available in 1U to 5U rack densities, with support for single and multi-socket configurations for x86 processors from AMD and Intel, as well as ARM processors from Ampere, extensive DDR5. Additionally, NEMA 12 server cabinets provide some water resistance and protect server equipment from water infiltration due to dripping and light splashing. NEMA 12 enclosures are also used to provide a degree of protection to server room personnel from access to hazardous equipment. No server. Discover AZE Telecom's outdoor weatherproof cabinets and waterproof server racks. Fan Ready: Accommodates optional 4 fans for cooling.
