

What are some manufacturers of fiber optic cables for smart buildings in Southern Europe

AI Overview

Key manufacturers in Southern Europe include Prysmian Group (Italy), Tratos Group (Italy), and Upcom Technologies (Turkey), all offering fiber optic solutions suitable for smart building applications.

Leading Manufacturers

- 1. Prysmian Group (Italy)** Prysmian is a global leader in fiber optic cables and connectivity solutions, with a strong presence in Europe. They offer BendBright XS fibers capable of tight-radius bends, ideal for routing cables in smart buildings and crowded ducts. Their product range includes indoor, outdoor, and submarine cables, ensuring high reliability and compliance with European fire safety standards.
- 2. Tratos Group (Italy)** Tratos Group has over 50 years of experience in cable manufacturing, producing fiber optic cables for industrial, residential, and commercial environments. They also provide specialty and subsea cables, with a focus on R&D and sustainable production processes, making them suitable for modern smart building networks.
- 3. Upcom Technologies (Turkey)** Upcom Technologies specializes in high-performance fiber optic cables for telecommunications and data networking. Their offerings include FTTH solutions, data center cables, and telecom cables, all designed for robust and efficient data transfer in smart building infrastructures.
- 4. Nexans (France, with European operations)** Nexans produces CPR-compliant fiber optic cables that meet strict European fire safety standards, limiting flame spread and toxic smoke. Their cables are suitable for indoor installations in commercial and residential smart buildings.
- 5. WEINERT Industries AG (Germany, serving Southern Europe)** WEINERT offers singlemode, multimode, and polymer optical fiber (POF) cables, along with custom fiber bundles...
